2. CORE DESCRIPTION

The Division of Facilities Management, Design & Construction (DFMDC) is responsible for the payment and billings for non-state agencies leasing space within state owned and leased facilities to include utility and janitorial payments. In order to make timely payments for these services, FMDC processes payments through the OA RATF and then bills the appropriate non-state tenant agencies for their share of the costs. This funding is requested as an E appropriation.

The Department of Mental Health, Division of Developmental Disabilities (DD), will require leased space in Nevada after the Nevada Habilitation Center campus is closed for residential services. Office of Administration, Facilities Management Design and Construction, indicated Vernon Hall is not a recommended location for DD staff to continue occupying after the campus discontinues providing residential services. The Division of DD is requesting funds to lease two buildings (administrative office and day program service) instead of one large building. The Division is projecting all individuals living in Vernon Hall will be transitioned to the community by July 1, 2012. Current census on the Nevada campus is 18 individuals as of September 19, 2011.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The Division of DD is requesting funds to lease two buildings. One will be an administrative office for 53.00 FTEs including the Superintendent, Human Resources, Accounting, Quality Assurance and other Nevada support staff. The second building will provide space for day program services, therapies and physician services for approximately 20 staff to serve up to 60 individuals living in the Nevada community. By closing the Nevada campus and moving all staff and services off campus, the state will no longer be required to fund a large, outdated, inefficient facility and will eliminate monthly utility costs of approximately \$31,250 per month and any future maintenance and repair projects to maintain the old buildings on the Nevada campus.

Assumed Costs:

OA-Facilities Management, Design and Construction will still need oversight funds for the current Nevada Habilitation Center. Preparatory and maintenance measures are still needed for winterizing and securing this site to minimize further damage and the consequences of an unkempt building until a clear future plan can be made for this site. The fuel & utility cost in FY11 was \$374,090. F&U and maintenance cost and personnel are needed to operate the power plant and will be needed until the site is either sold and/or completely shutdown. FY13 budget request of \$633,728 for PS/EE/F&U/Fringe is allocated to this site.

Major capital improvement and OPMR/FMRF funds have not been allocated to this site since 2009. Minimal funds were used in FY11 - \$37,944 and FY10 - \$135,991. Currently there are approximate \$3.5M critical needs of major maintenance and repair deficiencies at this site and would become cost avoidance projects.
